

Cart Set Out Requirements

Berkeley uses automated trucks to improve collection efficiency.

Please place your garbage, recycling, and organics carts in the gutter with wheels against the curb to allow the collection trucks access to service your carts.

If your collection day is also street sweeping day, please place carts on the parking strip.

Carts should be at least one foot (1') apart, and at least three feet (3') from parked vehicles. BMC Section 12.34.020

REQUIRED PLACEMENT

Carts in gutter with wheels against the curb

OR

Carts in gutter in driveway with wheels against the curb

NEVER

block the sidewalk with carts

Please be a courteous neighbor and put your carts away within 24 hours of collection.

Cart Set Out Requirements for Berkeley Residents

Always place cart wheels toward the curb.
Make sure carts are one foot (1') apart
and three feet (3') from parked cars.

One foot (1') between carts

If the driver is unable to service your carts due to improper or blocked placement, a “special pickup and charge” will apply to return and service your carts.
