

Office of the City Manager

CONSENT CALENDAR
April 26, 2022

To: Honorable Mayor and Members of the City Council
 From: Dee Williams-Ridley, City Manager
 Submitted by: Scott Ferris, Director, Parks Recreation Waterfront
 Subject: Grant Application: The Surrendered and Abandoned Vessel Exchange (SAVE) grant program of the California Division of Boating & Waterways

RECOMMENDATION

Adopt a Resolution authorizing the City Manager or her designee to: 1) apply for and accept a grant in the amount of \$60,000 from the California Division of Boating & Waterways ("DBW") Surrendered and Abandoned Vessel Exchange (SAVE) grant program for the removal and disposal of anticipated abandoned vessels located at the Berkeley Marina; 2) Execute any amendments; and 3) Authorize a local match contribution of \$6,000.

FISCAL IMPACTS OF RECOMMENDATION

The cost to remove and dispose of abandoned and derelict vessels at the Berkeley Marina through FY 2025 is estimated at \$66,000. The Parks, Recreation, and Waterfront Department will submit a grant application to the Division of Boating and Waterways SAVE grant program in the amount of \$60,000 for this work, and will allocate a required minimum 10% local match, equivalent to \$6,000. The local match will be appropriated as part of the Second Amendment to the FY 2022 Annual Appropriations Ordinance in the Marina Fund, account code 608-52-544-592-0000-000-472-612990. If awarded, the grant will be deposited in the Boating and Waterways Fund (Fund 607).

CURRENT SITUATION AND ITS EFFECTS

Each year, approximately eight (8) vessels are abandoned by their owners at the Berkeley Marina because they lack funds to repair the vessels or they lack funds to pay for their dockage fees. This number is expected to increase due to financial hardships of the Covid-19 pandemic. Due to the age and neglect of the vessels, they have no value, are not sea-worthy, and are likely to sink. These vessels occupy slips in the Berkeley Marina that could otherwise be used to generate dockage revenue for the City, and these vessels are a visual blight on our Marina and harm our reputation. This new round of funding will enable us to keep our docks clear of derelict vessels in the coming year, and build upon the progress we make in removing derelict vessels via previous SAVE Grants.

BACKGROUND

Responsibility for derelict and abandoned vessels often falls on public agencies. In 2020, the Berkeley Marina was awarded a SAVE grant for \$130,000 and has contracted with Lind Marine to remove approximately 20 abandoned vessels. In late 2020 the Berkeley Marina was awarded another SAVE grant for \$42,000. In late 2021 the Berkeley Marina was awarded another SAVE grant for \$42,000. For the past 20 years, the Division of Boating and Waterways has provided grant funding assistance to public agencies throughout California, including the City of Berkeley, to properly remove, store, and dispose of abandoned, wrecked, or dismantled vessels or any other partially submerged objects that pose a substantial hazard to navigation, from navigable waterways or adjacent public property, or private property with the landowner's consent.

ENVIRONMENTAL SUSTAINABILITY AND CLIMATE CHANGE

Derelict, abandoned, and sunken vessels pose a navigational and environmental hazard to the waters of the Bay (e.g., they can leak oil fuel, oil coolant, paints and solvents, sanitary waste, etc.) Removal and proper disposal of these vessels helps improve the health of the Bay waters.

RATIONALE FOR RECOMMENDATION

The Parks, Recreation, and Waterfront Department has the primary responsibility for removing derelict and abandoned vessels from local waters. By applying for SAVE grants, the City is able to substantially leverage our existing funding for these projects, and safely remove potential environmental and navigational hazards from our waters. The swift removal of derelict vessels from our Marina, and preventing the accumulation of such vessels on our docks will improve the attractiveness of the Berkeley Marina to existing and prospective slip holders.
