Mapping Berkeley Communities: Redistricting by the People

Draft City Council District Map:

"AMBER MAP"

Published January 20, 2022

AMBER MAP

Consistency Map with Changes to Address Universal Criteria
West Berkeley (Two Districts)

The Amber Map responds to the direction of the Independent Redistricting Commission to create a draft map that has a high level of continuity with the existing council district boundaries and includes changes only as needed to meet the six universal map criteria. The universal criteria are: 1) Maximum of 10% population deviation; 2) Contiguous districts; 3) Maintain Communities of Interest and Neighborhoods; 4) Use major arterial streets as boundaries where possible; 5) Correct the features of the 2010 map that accounted for prior Councilmember residences; and 6) Include at least one compact student district in every map.

The Amber Map follows the Commission direction by making the following noteworthy modifications:

- Unify the Westbrae Neighborhood in District 1;
- Unify the Poets Corner Neighborhood in District 2;
- Unify the LeConte Neighborhood in District 3;
- Unify the Lorin Neighborhood in District 3;
- Unify the Halcyon Neighborhood in District 8;
- Unify the Bateman Neighborhood in District 8;
- Unify the Willard Neighborhood in District 8;
- Unify Lower Spruce/Arch Street with the Northside Neighborhood in District 6;
- Move the census block that contains the International House from District 8 to the existing student district (District 7);
- Correct map features for prior Councilmember residences in District 4 and District 7;
- Maximize the use of the major arterials, University Avenue, Telegraph Avenue, Sacramento Street, Spruce Street, Oxford Street, and Cedar Street, as council district boundaries;
- Commission direction on topography/wildfire risk/transit access is reflected in higher elevation neighborhoods contained in two council districts (6, 8).

Amber Map

Each district is assigned a number (1 through 8)

2
3.79%

The percent shows the deviation from ideal number of people (15,554) in each district if population was distributed exactly equally among the eight districts.
