ACTION CALENDAR
May 14, 2024

To: Honorable Mayor and Members of the City Council
 From: Dee Williams-Ridley, City Manager
 Submitted by: Mark Numainville, City Clerk
 Subject: 2024 City Council Referral Prioritization Process Using Re-Weighted Range Voting (RRV)

RECOMMENDATION

(1) Review the completed Re-Weighted Range Voting (RRV) rankings for all outstanding City Council referrals; (2) Approve the removal of referrals that have been marked as rescinded by the sponsoring Councilmember or District; and (3) Adopt a Resolution approving the list of prioritized referrals to city staff.

FISCAL IMPACTS OF RECOMMENDATION

There are no direct fiscal impacts related to the review and approval of the referral list.

CURRENT SITUATION AND ITS EFFECTS

Through the March 26, 2024 City Council meeting, there were 57 outstanding long-term referrals to staff. The list does not include referrals that the City Manager has classified as short-term referrals or budget referrals.

In order to complete RRV in time for the prioritized list to be considered in the FY 25-26 Budget process, the deadline for submitting scores was prior to the date that the results of the District 7 special election were certified. In addition, the District 4 election results will likely not be certified until mid-June. Therefore, the scores do not include District 4 and District 7 participation.

The raw scores (0=low priority, 5=high priority) for each referral as shown in the RRV spreadsheet in Attachment 2. Staff has applied the RRV formula to the raw scoring resulting in a prioritized list. These results will be used to guide the City Manager and the Budget & Finance Committee in development of Strategic Plan projects and funding allocations needed for the referrals. Some flexibility in the order in which the referrals are assigned will need to be exercised by the City Manager to ensure that staff in each department has the available capacity to start work on the highly rated referrals and that there are adequate funding resources to complete the referrals.

During the scoring process, Councilmembers had the option to identify referrals that should be removed from the prioritization process. In the 2024 process, one of the

referrals was marked for removal (Addressing Hyundai and Kia Car Thefts). During consideration of this item at the May 14 council meeting, the City Council may decide to remove additional referrals from the list if it so desires.

BACKGROUND

In 2016, the City Council adopted a system of Re-weighted Range Voting (RRV) to prioritize City Council referrals to staff. The RRV system enables City Council to provide direction to staff on which referrals are highest priority and should be completed first.

Reweight Range Voting is a proportional representation voting system designed for a blend of fairness and consensus, meaning that it ensures some representation for minority views as well. It accomplishes this by reducing the influence of Councilmembers in proportion to the points they have awarded to the referrals prioritized thus far.

Under RRV, Each Councilmember rates every referral on a scale of zero to five. There is no limit to repeat scores (i.e. a Councilmember could give every referral a five). When the scores are tallied, the referral with the highest total score becomes the 1st priority. Once the first referral is assigned, the scores for the remaining referrals are reweighted based on how much influence each Councilmember has had up to that point (based on the score they assigned, 0 - 5). If a Councilmember assigns high scores to several referrals, they use up the strength of their weighted vote more quickly and exercise diminishing influence when the scores are reweighted for subsequent referrals. This guarantees equal influence throughout the full list. If a Councilmember did not score a referral, the default score was set to zero.

ENVIRONMENTAL SUSTAINABILITY AND CLIMATE IMPACTS

There are no identifiable environmental effects or opportunities, or climate impacts, associated with the subject of this report.

RATIONALE FOR RECOMMENDATION

This recommendation carries out the direction of the Council to implement a prioritization process for City Council referrals to staff.

ALTERNATIVE ACTIONS CONSIDERED

Council may decide to forgo a prioritization process and continue the referral process with no structured tracking or prioritization of referrals.

RESOLUTION NO. ##,###-N.S.

APPROVING THE 2024 LIST OF PRIORITIZED CITY COUNCIL REFERRALS USING
THE REWEIGHTED RANGE VOTING SYSTEM

WHEREAS, On March 8, 2016 the City Council approved the use of Re-weighted Range Voting (RRV) for the prioritization of City Council referrals to staff; and

WHEREAS, the City Council has assigned scores to all the referrals; and

WHEREAS, the Re-Weighted Range Voting formula was applied to the ratings to create a weighted list of prioritization.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Berkeley that the list of prioritized referrals contained in Exhibit A, with the removal of certain referrals by Council direction, is hereby approved.

BE IT FURTHER RESOLVED that the City Council grants the City Manager the authority to assign referrals to staff in a manner that ensures equitable distribution among departments and does not exceed the capacity of departmental staff to start work on the highly rated referrals even if that results in the referrals being assigned in an order that differs from the approved list.
