**2a. Measure FF Budget Recommendation - Expanded Fire Prevention Inspection Program**

**From:** Disaster and Fire Safety Commission

**Referred:** October 19, 2022

**Due:** April 11, 2023

**Recommendation:** With the risk of catastrophic wildfire steadily increasing due to climate change, the Disaster and Fire Safety Commission (DFSC) recommends prioritizing wildfire fuel reduction in the FY 23 and FY 24 Measure FF budget by expanding the Fire Department's Fire Prevention Inspection Program and fully enforcing the existing Fire Code to clear vegetation build-up and overgrowth within 100 feet of structures in Berkeley's Very High Fire Severity Zones (VHFSZs) (Fire Zones 2 and 3). In addition, the Fire Code would be strengthened as needed to require removal of hazardous vegetation on the entirety of properties beginning in FY 25. The program would provide for City vegetation management crews to clear vegetation where property owners opt into the program or fail to comply, with no-interest liens placed upon properties to recover direct costs upon transfer. Special emphasis should be placed on eucalyptus groves due to their high flammability and potential to create spot fires. Funding for this expanded program, together with the Fire Department's existing home inspection program, which is focused on creating defensible space around structures, would be supported by devoting 21 percent and 26 percent of Measure FF revenues for FY 23 and FY 24, respectively.

*Communications submitted to City Council Policy Committees are on file in the City Clerk Department at 2180 Milvia Street, 1st Floor, Berkeley, CA, and are available upon request by contacting the City Clerk Department at (510) 981-6908 or [policycommittee@cityofberkeley.info](mailto:policycommittee@cityofberkeley.info).*

## Extra Duty Employment

### 1043.1 PURPOSE AND SCOPE

This policy covers extra duty employment, which consists of officers working special details wherein the City of Berkeley has a contractual agreement to provide services for a fee to private third parties.

#### 1043.1.1 DEFINITIONS

**Extra Duty Employment-** Extra Duty Employment occurs when a member of this Department performs police services at the request of a private third party and receives overtime compensation or wages paid directly into their routine pay, the cost of which the City will recover pursuant to a Service Agreement between the private third party and the City. Approval shall be obtained from the Chief of Police prior to any overtime being posted for Extra Duty Employment.

### 1043.2 OBTAINING APPROVAL FOR EXTRA DUTY EMPLOYMENT

All requests for Extra Duty Employment will be offered only after a third party has signed a Service Agreement and completed an Application for Extra Duty Services prior to the officers being assigned.

The City is under no obligation to provide or approve Extra Duty Employment and all requests must consider the following criteria:

- The overall staffing needs of the Department, including Investigations and specialized patrols such as the Bike Force Team
- The impact of the request on officer wellness and fatigue mitigation
- The degree to which the extra duty employment supports overall public safety and builds connections with the community.
- The potential the extra duty employment has to cast discredit upon or create embarrassment for the Department or City Government.

In instances where the Department chooses not to staff an Extra Duty Employment opportunity, the private third party will not occur any charges.

The completion of a Service Agreement and Application for Extra Duty Services is required for all events in which the Berkeley Police Department will seek reimbursement. All police grant work is excluded from this policy. Mutual Aid response from the Berkeley Police Department may include incidents wherein reimbursement is expected, however it is explicitly excluded from the provisions of the Extra Duty Employment, and is covered under General Order M-02, and Policy 327 (upon its publication).

Any private third party seeking Extra Duty Employment shall complete the following:

- The private third party must complete the **Service Agreement** in order to request Extra Duty Employment. This form is available on the Police Department's website, and is attached to this policy.
- The **Service Agreement** may be entered into for a one-time event, for repeating events, or to cover continuous service. **Service Agreements** for Extra Duty Employment will span no longer than the duration of one calendar year, automatically resetting every January 1<sup>st</sup> for events that seek continuous services. In circumstances like the Berkeley Unified School District which may have different events spanning the year, the **Service Agreement** for Extra Duty Employment should identify what activities or events (i.e. sporting events, dances, graduation) are anticipated. Extra Duty Employment outside of these events will require an additional application. This allows for adjusted staffing consistent with the needs of each respective event.

## *Extra Duty Employment*

---

- City Manager approval must be obtained for all **Service Agreements**.
- The private third party must complete an **Application for Extra Duty Employment**. This form is available on the Police Department's website, and is attached to this policy.
- The private third party must submit the **Application for Extra Duty Employment** and any additional supporting documents to the Special Events Sergeant.
- Chief of Police approval must be obtained for all **Applications for Extra Duty Employment**
- The Special Events Sergeant will be the contact person between the Department and the private third party on the status of their respective application.
- The Special Events Sergeant will be responsible for posting the overtime.
- The Special Event Sergeant shall maintain records of all submitted Extra Duty Employment requests and shall be responsible for annual renewal of Service Agreements.

### **1043.3 EXTRA DUTY EMPLOYMENT- SWORN PERSONNEL**

Sworn personnel are subject to the following provisions regarding Extra Duty Employment while working in a law enforcement function representing the Berkeley Police Department:

- Officers will treat Extra Duty Employment overtime like regular patrol duty, and shall be dressed in full Police Uniform, and adhere to all policies and procedures of the Berkeley Police Department. Officers are permitted to use marked police vehicles as appropriate while working in this capacity.
- All officer conduct will be highly professional, and all law enforcement actions taken will be those authorized by the employee's status as a California police officer.
- In all Extra Duty Employment instances, the police personnel shall at all times be subject to the exclusive direction, supervision, and control of the Police Department.
- Equipment, including vehicles, may be assigned by the Police Department based on the nature and duration of the work to be performed.

**CITY OF BERKELEY POLICE DEPARTMENT SERVICE AGREEMENT**

This agreement for services (“Agreement”) is by and between the City of Berkeley, a chartered California municipal corporation (“City”) and \_\_\_\_\_ (“Organization”). The City and the Organization may be referred to herein individually as a “Party”, or collectively as the “Parties”.

The Parties agree to the following terms and conditions:

1. DATES: Unless this paragraph is subsequently modified by a written amendment to this Agreement, the term of this Agreement shall begin on \_\_\_\_\_ and terminate on \_\_\_\_\_.
2. SERVICES; CONDITIONS; CITY EMPLOYEES: In exchange for the compensation from the Organization, as described in this Agreement, the City’s Police Department Peace Officer Personnel (“Personnel”) shall provide security services, crowd control, and/or traffic control (collectively, “Services”) as may be separately requested by the Organization and agreed upon by the City. In performing such Services, the Personnel shall be utilized only in their capacity as Peace Officers, as defined by California Government Code Section 50920 and Penal Code Sections 830 and 830.1.

The Personnel shall, at all times, be subject to the exclusive direction, supervision, and control of the City. The Personnel shall remain employees of the City when performing Services under this Agreement, and shall not be deemed employees of the Organization.

Services shall be provided only upon written request by the Organization via the completion of an Application for Extra Duty Services, attached hereto as Exhibit A. Any request shall include the date and time-period for which Services are required, the number of Personnel anticipated, and a description of the Services. The City may reject any request for any reason in its sole discretion.

The City’s ability to perform such Services is subject to the availability of its Personnel, as such availability may be determined by the City in its sole discretion. It is understood and agreed that the City assumes no liability for its rejection of any request for Services or its inability to provide Personnel for Services on any particular date and/or time.

3. BILLING: The Organization will be billed by the City for Services rendered by the Personnel at the overtime rate of the individual Personnel who provide the Services. The specific hourly rate for the individual Personnel shall be determined by the City and shall include a three-hour minimum charge per individual Personnel. Billing for Services shall begin from the time the officer leaves the police station to travel to the off-site work area and will continue until the officer has returned from the off-site work area to the police station.
4. INDEMNITY/HOLD HARMLESS: To the maximum extent permitted by law, and excluding the gross negligence or willful misconduct by the Personnel while providing the Services, the Organization shall defend, indemnify, and hold harmless, the City (including any City employee, officer, or agent), from any claim, injury, loss, or damage,

including all costs and reasonable attorney’s fees, in any way arising from the Services provided under this Agreement.

- 5. **LIABILITY INSURANCE/ADDITIONAL INSURED:** The Organization shall provide and maintain certificates of insurance for a Commercial General Liability and Automotive Liability insurance policy (in a form acceptable to the City Attorney’s Office), which carries general policy coverage limits of at least one million dollars (\$1,000,000).

The Organization shall also provide an endorsement to such insurance policy providing coverage at least as broad as Insurance Services Office Endorsement CG 2010, 1985 Edition, which names the City of Berkeley and its employees, officers, and agents as additional insureds under said policy. Such insurance shall be primary and non-contributing, and shall include a waiver of any right of subrogation against the City. The Additional Insureds endorsement must include the following, or very similar, language: The City of Berkeley and its employees, officers, and agents are hereby added as additional insureds with respect to liability arising out of the paid services the City provides to the Organization under the terms of the Berkeley Police Department Service Agreement.

- 6. **WORKER’S COMPENSATION CLAIMS**

An employee’s worker’s compensation claim for an injury sustained while performing Services under this Agreement shall be primarily covered by the City’s Workers’ Compensation Insurance Plan.

- 7. **BINDING and NON-DELEGATION:** The City and Organization bind themselves to the terms and conditions of this Agreement, and except as otherwise set forth in this Agreement, no interest in this Agreement or any of the Services provided for in a request under this Agreement shall be assigned, delegated, or transferred, either voluntarily or by operation of law, without the prior written approval of the Parties.

- 8. **NOTICES:** All notices prescribed by this Agreement shall be in writing and shall be deemed effective once delivered and properly received by:

To City:                      Chief of Police  
    Berkeley Police Department  
    2100 Martin Luther King, Jr., Way  
    Berkeley, CA 94704

To Organization:        \_\_\_\_\_  
    \_\_\_\_\_  
    \_\_\_\_\_

- 9. **GOVERNING LAW:** This Agreement shall be governed and construed in accordance with City of Berkeley Municipal Code and the laws and regulations of the State of California.

- 10. AMENDMENTS: The City or Organization may, from time to time, request changes in the terms and conditions of this Agreement. Such changes, which are mutually agreed upon in writing by the City and Organization shall be incorporated in amendments to this Agreement.
- 11. COUNTERPARTS: This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but both of which shall constitute one and the same instrument; and, the Parties agree that signatures on this Agreement, including those transmitted by facsimile or scanned email attachment, shall be sufficient to bind the Parties.
- 12. OTHER AGREEMENTS: This Agreement shall not supersede, amend, or otherwise alter any other contract, memorandum of understanding, or any other written agreement between the Parties.
- 13. UNDERSTANDING/AUTHORITY TO SIGN: The Parties hereby certify that they have read the above terms and conditions, and agree to conform to them and all laws and regulations pertaining to the use of City Personnel for the purposes as set forth in this Agreement. The signatories below warrant and represent they have the authority to bind the Party to the terms of this Agreement.

Subject: Information Report Request: Alternatives to Chemical Agents for Response to Violent Large-Scale Crowd Scenarios

### RECOMMENDATION

Direct the City Manager to study alternatives to chemical agents to improve the Berkeley Police Department's ability and capacity to respond to and de-escalate large-scale crowd scenarios, including violent militias, and return a report to the City Council by the end of Fiscal Year 2023.

Report should include but not be limited to the following factors:

- BPD intelligence-gathering capabilities on potentially violent large crowd scenarios
- BPD response protocols including procedures for protecting bystanders, peaceful protesters, and businesses
- Tools and tactics available for crowd control in potentially violent scenarios
- Mutual aid and support from other local/state/federal agencies
- Applicable state and federal laws on crowd control and First Amendment rights

### FINANCIAL IMPLICATIONS

Staff time.

### CURRENT SITUATION AND ITS EFFECTS

Planning for large-scale crowd scenarios is a Strategic Plan Priority Project, advancing our goal to create a resilient, safe, connected, and prepared city.

As of June 9, 2020, the City of Berkeley has prohibited the use of tear gas, pepper spray, smoke canisters, and other chemical agents for crowd control by the Berkeley Police Department and any other outside agencies providing mutual aid in Berkeley. This prohibition was enacted due to concerns for the health and safety of peaceful protesters, including permanent lung damage and the potential to exacerbate the COVID-19 pandemic (see Attachment 1).

In 2021, the state legislature passed Assembly Bill 48 (see Attachment 2), which imposed restrictions on the use of chemical agents and kinetic energy projectiles by law enforcement officers during protests, including requirements for de-escalation, prohibiting their use for dispersing crowds, and restricting their use to "objectively

reasonable efforts” to only target violent individuals after all other options have been exhausted, while also establishing public reporting requirements.

In June of 2022, the Berkeley Police Department presented to the City Council’s Public Safety Policy Committee on regional best practices and conformance with AB-48 (see Attachment 3).

In August of 2022, the Berkeley City Council was briefly scheduled to discuss potentially lifting the prohibition on chemical agents on a temporary basis in response to reports of violence at protests near People’s Park, due to concerns that the Alameda County Sheriff’s Office would not provide mutual aid. The meeting was canceled, and the prohibition remains in place.<sup>1</sup> UCPD, which is overseeing law enforcement at the park, is permitted to use tear gas in limited situations under its use of force policy.<sup>2</sup> On August 5, 2022, the Sheriff Gregory Ahern clarified on KTVU that the Alameda County Sheriff’s Office would provide mutual aid to the City, not “to assist with the movement of the crowd.”<sup>3</sup>

Due to ongoing concerns regarding violent crowds outlined below, it is in the public interest to study feasible alternatives for responding to potentially violent large gatherings while protecting First Amendment rights, de-escalating and preventing bodily harm for all present pursuant to existing City of Berkeley policies.

## BACKGROUND

The extreme far-right in the US has become increasingly violent since the election of President Donald Trump, with white supremacist propaganda and neo-Nazi rallies consistently condoned by the highest echelons of the Republican Party. Since former President Trump’s well-documented lies about election theft fomented an attempted insurrection and violent invasion of the US Capitol on January 6, 2021, the need to safeguard democratic institutions from violent extremism has only increased, as far-right figures have openly threatened to increase violent demonstrations while pivoting to more local, decentralized actions.<sup>4</sup>

Berkeley has been the site of several violent encounters with far-right militias and counter-protesters. On February 1, 2017, a faction of protesters opposing a UC

Berkeley speaking event by far-right figurehead Milo Yiannopoulos engaged in looting of commercial retailers and injured peaceful protesters.<sup>5</sup> On March 4, 2017, Berkeley police arrested 10 individuals following violent clashes at a “March 4 Trump” rally in Civic Center Park where 7 were injured. In response, then-President Trump praised the rallies and threatened to pull federal funding from UC Berkeley.<sup>6</sup> On April 15, 2017, right-wing protesters (including neo-Nazi militia groups such as Oath Keepers) and counter-protesters fought violently with rocks, sticks, pepper spray, and smoke bombs, resulting in 21 arrests and 11 injuries, including one stabbing.<sup>7</sup>

The City of Berkeley must assess its preparedness for large crowd scenarios in order to prevent future violence.

Office of the Mayor

## LATE AGENDA MATERIAL

### Pursuant to Government Code Section 54954.2(b)

**Meeting Date:** June 9, 2020

**Item Description:** Prohibiting the use of Chemical Agents for Crowd Control during the COVID-19 pandemic

**Submitted By:** Mayor Arreguin, Councilmember Harrison, Councilmember Robinson

Pursuant to California Government Code Section 54954.2(b) (2), the Mayor submits the attached item to the City Council for placement on the June 9, 2020 meeting agenda. Gov. Code Section 54954.2(b) (2) states that *“Upon a determination by a two-thirds vote of the members of a legislative body presents at the meeting, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the local agency subsequent to the agenda being posted as specified in subdivision (a).”*

This item meets the criteria for “immediate action” as follows:

The City of Berkeley is currently in a declared state of emergency regarding the outbreak of a novel coronavirus, causing the respiratory disease COVID-19. COVID-19 is an acute respiratory illness that affects the lungs in addition to other symptoms. The severity of these symptoms increases based on underlying health conditions including asthma, heart and lung problems, diabetes, and other medical conditions.

Despite being in a declared public health emergency, the Berkeley Police Department can use chemical agents (tear gas, pepper spray, and smoke canisters) to disperse a crowd, but subject to the authorization and policies outlined in General Order U-2.

Public health experts have concluded that chemical agents like tear gas may make individuals more susceptible to COVID-19 and increase its community spread. Along with the immediate pain that can cause watering eyes and burning throats, tear gas may cause damage to people’s lungs and make them more susceptible to getting a respiratory illness, according to studies on the risks of exposure. The gas and smoke can also incite coughing, which can further spread the virus from an infected person.

On June 1, 2020, in response to a largely peaceful demonstration against the killing of George Floyd, Oakland Police fired tear gas into a crowd of demonstrators. The tear gas not only affected protestors by also bystanders in the immediate area. The police killing of George Floyd on May 25, 2020 and the deaths of other African Americans have sparked nationwide outrage and protests over police brutality, including demonstrations in the City of Berkeley. Additional protests may occur in the coming days and weeks.

***Consideration of late agenda items is subject to approval by a two-thirds vote of the City Council. (California Government Code Section 54954.2(b)(2))***

ACTION CALENDAR  
June 9, 2020

To: Members of the City Council

From: Mayor Jesse Arreguin, Councilmember Kate Harrison and Councilmember Rigel Robinson

Subject: Prohibiting the use of Chemical Agents for Crowd Control during the COVID-19 pandemic

RECOMMENDATION

Adopt a motion to establish an official City of Berkeley policy prohibiting the use of tear gas (CS gas), pepper spray or smoke for crowd control by the Berkeley Police Department, or any outside department or agency called to respond to mutual aid in Berkeley, during the COVID-19 pandemic, until such time that the City Council removes this prohibition.

BACKGROUND

The use of tear gas (CS gas) and pepper spray are authorized less-than-lethal uses of force which can be deployed in crowd control situations under Berkeley Police Department policy, with specific conditions (See [General Order U-2](#)).

On June 1, 2020, Oakland police deployed tear gas to disperse protesters who failed to move before a legally established curfew. The tear gas not only affected protestors by also bystanders in the immediate area. This has raised concerns over the police use of tear gas in protests, the chilling effect it has on people engaging in First Amendment activity, and the health impacts of tear gas during a public health emergency. In response to this incident, Oakland City Council President Rebecca Kaplan and Councilmembers Nikki Fortunato Bas and Sheng Thao issued a letter to Oakland City administrators requesting that OPD use of tear gas be immediately suspended and not used during the COVID-19 pandemic. Similarly, on June 5, 2020, Berkeley Councilmembers Harrison, Davila, Bartlett and Robinson made a similar request.

International, national, state and local health and governmental authorities are responding to an outbreak of respiratory disease caused by a novel coronavirus named "SARS-CoV-2." and the disease it causes has been named "coronavirus disease 2019," abbreviated COVID-19, ("COVID-19"). In response to this emergency, on March 3, 2020, the City Manager acting as the Director of Emergency Services declared a local State of Emergency based on COVID-19 (hereinafter referred to as "the State of Emergency"), which the City Council subsequently ratified on March 10, 2020. In addition, on March 4, 2020, the Governor declared a state of emergency in California and the President of the United States declared a national state of emergency on March 13, 2020 regarding the novel coronavirus and COVID-19.

During the COVID-19 state of emergency, there is a heightened risk of individuals contracting the virus if they are exposed to tear gas, pepper spray or smoke. This will put people's safety and lives at risk. As a public health strategy, the deployment of tear gas, pepper spray and smoke must be suspended.

According to a June 2, 2020 KTVU article, infectious disease specialists are circulating an online petition calling for police to stop using tear gas to disperse crowds and calling on police to use "public health best practices" during demonstrations.<sup>1</sup>

According to an article in the June 3, 2020, *New York Times*, **"Along with the immediate pain that can cause watering eyes and burning throats, tear gas may cause damage to people's lungs and make them more susceptible to getting a respiratory illness, according to studies on the risks of exposure. The gas can also incite coughing, which can further spread the virus from an infected person."**<sup>2</sup>

Researchers are concerned that the use of tear gas in crowds "might catalyze a new wave of Covid-19."<sup>3</sup>

Data show that African Americans are disproportionately impacted by COVID-19 in Berkeley and Alameda County. In addition, "many black Americans disproportionately have pre-existing conditions like asthma that could make tear gas lethal."

Tear gas has been banned for use in warfare, but is legal for police to use in the U.S. Yet, experts say it should be a weapon of last resort for crowd control and for addressing violent behavior of specific individuals because it affects everyone in the area including peaceful protestors.

The use of tear gas and other agents for crowd control adversely affects individuals in crowds of protestors as well as residents who are not involved in protesting, and it can have serious effects on medically vulnerable people and increase the spread of COVID-19.

Oakland Police Department's own police training bulletin (V-F.2. July 26, 2006) states that "Breathing CS (gas) may create a feeling of tightness in the chest, shortness of breath, coughing and/or sneezing." These are reactions that can spread COVID-19.

In response to mass protests over the killing of George Floyd, on Friday, June 5, 2020, Governor Newsom announced that he would work with the State Legislature, activists, law enforcement officers, and journalists to create new standards for policing protests in California.

**"Protesters have the right not to be harassed,"** he said. **"Protesters have the right to protest peacefully. Protesters have the right to do so without being arrested, gassed, being shot at by projectiles."**<sup>4</sup>

The police killing of George Floyd on May 25, 2020 and the deaths of other African Americans have sparked nationwide outrage and protests over police brutality, including demonstrations in the City of Berkeley. Additional protests may occur in the coming days and weeks. Therefore, the Council should take immediate action to impose this moratorium on the use of chemical agents during the COVID-19 pandemic.

FINANCIAL IMPLICATIONS

None. Prohibiting the use of tear gas, pepper spray and smoke will require the Berkeley Police Department to use other tactics in crowd control situations.

**Assembly Bill No. 48**

CHAPTER 404

An act to amend Section 12525.2 of the Government Code, and to add Sections 13652 and 13652.1 to the Penal Code, relating to law enforcement.

[Approved by Governor September 30, 2021. Filed with  
Secretary of State September 30, 2021.]

LEGISLATIVE COUNSEL'S DIGEST

AB 48, Lorena Gonzalez. Law enforcement: use of force.

(1) Existing law authorizes a peace officer to use reasonable force to effect the arrest, to prevent escape, or to overcome resistance. Existing law requires law enforcement agencies to maintain a policy on the use of force, as specified. Existing law requires the Commission on Peace Officer Standards and Training to implement courses of instruction for the regular and periodic training of law enforcement officers in the use of force.

This bill would prohibit the use of kinetic energy projectiles or chemical agents by any law enforcement agency to disperse any assembly, protest, or demonstration, except in compliance with specified standards set by the bill, and would prohibit their use solely due to a violation of an imposed curfew, verbal threat, or noncompliance with a law enforcement directive. The bill would include in the standards for the use of kinetic energy projectiles and chemical agents to disperse gatherings the requirement that, among other things, those weapons only be used to defend against a threat to life or serious bodily injury to any individual, including a peace officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control. The bill would define chemical agents to include, among other substances, chloroacetophenone tear gas or 2-chlorobenzalmalononitrile gas. The bill would make these provisions inapplicable within a county jail or state prison facility.

This bill would also require each law enforcement agency, within a specified timeframe, to post on their internet website a summary, as described, of any incident in which a kinetic energy projectile or chemical agent is deployed by that agency for the purpose of crowd control. The bill would require the Department of Justice to provide a compiled list of links to these reports on its internet website.

(2) Existing law requires each law enforcement agency to annually report specified use of force incidents to the Department of Justice and requires the Department of Justice to annually publish a summary of those incidents, as specified.

This bill would require these reports to be made monthly. By imposing new duties on law enforcement agencies, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

*The people of the State of California do enact as follows:*

SECTION 1. Section 12525.2 of the Government Code is amended to read:

12525.2. (a) Each law enforcement agency shall monthly furnish to the Department of Justice, in a manner defined and prescribed by the Attorney General, a report of all instances when a peace officer employed by that agency is involved in any of the following:

- (1) An incident involving the shooting of a civilian by a peace officer.
- (2) An incident involving the shooting of a peace officer by a civilian.
- (3) An incident in which the use of force by a peace officer against a civilian results in serious bodily injury or death.
- (4) An incident in which use of force by a civilian against a peace officer results in serious bodily injury or death.

(b) For each incident reported under subdivision (a), the information reported to the Department of Justice shall include, but not be limited to, all of the following:

- (1) The gender, race, and age of each individual who was shot, injured, or killed.
- (2) The date, time, and location of the incident.
- (3) Whether the civilian was armed, and, if so, the type of weapon.
- (4) The type of force used against the officer, the civilian, or both, including the types of weapons used.
- (5) The number of officers involved in the incident.
- (6) The number of civilians involved in the incident.
- (7) A brief description regarding the circumstances surrounding the incident, which may include the nature of injuries to officers and civilians and perceptions on behavior or mental disorders.

(c) Each year, the Department of Justice shall include a summary of information contained in the reports received pursuant to subdivision (a) through the department's OpenJustice Web portal pursuant to Section 13010 of the Penal Code. This information shall be classified according to the reporting law enforcement jurisdiction. In cases involving a peace officer who is injured or killed, the report shall list the officer's employing jurisdiction and the jurisdiction where the injury or death occurred, if they are not the same. This subdivision does not authorize the release to the public of the badge number or other unique identifying information of the peace officer involved.

(d) For purposes of this section, “serious bodily injury” means a bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ.

SEC. 2. Section 13652 is added to the Penal Code, to read:

13652. (a) Except as otherwise provided in subdivision (b), kinetic energy projectiles and chemical agents shall not be used by any law enforcement agency to disperse any assembly, protest, or demonstration.

(b) Kinetic energy projectiles and chemical agents shall only be deployed by a peace officer that has received training on their proper use by the Commission on Peace Officer Standards and Training for crowd control if the use is objectively reasonable to defend against a threat to life or serious bodily injury to any individual, including any peace officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control, and only in accordance with all of the following requirements:

(1) Deescalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.

(2) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.

(3) Persons are given an objectively reasonable opportunity to disperse and leave the scene.

(4) An objectively reasonable effort has been made to identify persons engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of persons.

(5) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.

(6) Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.

(7) An objectively reasonable effort has been made to extract individuals in distress.

(8) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.

(9) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.

(10) Kinetic energy projectiles or chemical agents shall not be used by any law enforcement agency solely due to any of the following:

(A) A violation of an imposed curfew.

(B) A verbal threat.

(C) Noncompliance with a law enforcement directive.

(11) If the chemical agent to be deployed is tear gas, only a commanding officer at the scene of the assembly, protest, or demonstration may authorize the use of tear gas.

(c) This section does not prevent a law enforcement agency from adopting more stringent policies.

(d) For the purposes of this section, the following terms have the following meanings:

(1) “Kinetic energy projectiles” means any type of device designed as less lethal, to be launched from any device as a projectile that may cause bodily injury through the transfer of kinetic energy and blunt force trauma. For purposes of this section, the term includes, but is not limited to, items commonly referred to as rubber bullets, plastic bullets, beanbag rounds, and foam tipped plastic rounds.

(2) “Chemical agents” means any chemical that can rapidly produce sensory irritation or disabling physical effects in humans, which disappear within a short time following termination of exposure. For purposes of this section, the term includes, but is not limited to, chloroacetophenone tear gas, commonly known as CN tear gas; 2-chlorobenzalmalononitrile gas, commonly known as CS gas; and items commonly referred to as pepper balls, pepper spray, or oleoresin capsicum.

(e) This section does not apply within any county detention facility or any correctional facility of the Department of Corrections and Rehabilitation.

SEC. 3. Section 13652.1 is added to the Penal Code, to read:

13652.1. (a) Each law enforcement agency shall, within 60 days of each incident, publish a summary on its internet website of all instances in which a peace officer employed by that agency uses a kinetic energy projectile or chemical agent, as those terms are defined in Section 13652, for crowd control. However, an agency may extend that period for another 30 days if they demonstrate just cause, but in no case longer than 90 days from the time of the incident.

(b) For each incident reported under subdivision (a), the summary shall be limited to that information known to the agency at the time of the report and shall include only the following:

(1) A description of the assembly, protest, demonstration, or incident, including the approximate crowd size and the number of officers involved.

(2) The type of kinetic energy projectile or chemical agent deployed.

(3) The number of rounds or quantity of chemical agent dispersed, as applicable.

(4) The number of documented injuries as a result of the kinetic energy projectile or chemical agent deployment.

(5) The justification for using the kinetic energy projectile or chemical agent, including any deescalation tactics or protocols and other measures that were taken at the time of the event to deescalate tensions and avoid the necessity of using the kinetic energy projectile or chemical agent.

(c) The Department of Justice shall post on its internet website a compiled list linking each law enforcement agency’s reports posted pursuant to subdivision (a).

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

O

# Berkeley Police Department

## Background

- **June 2020:** City Council enacts a ban on tear gas and a moratorium on the use of smoke and pepper spray for crowd-control events.
- **2021 police reform bill AB 48** signed into law, placing restrictions on the types of force law enforcement can use in response to protests. As a general rule, the bill prohibits the use of “kinetic energy projectiles” and “chemical agents” to disperse any assembly, protest, or demonstration, except in compliance with several requirements.
- **January 1, 2022:** AB 48 codified as PC 13652 Section 2

## Balanced Approach

Important considerations as to the appropriateness of using tear gas for law enforcement purposes:

**Does the use of tear gas have a chilling effect on Free Speech?**

**Is the use of tear gas reasonable?**

- Is the use of tear gas excessive?
- Is there accountability/oversight in its use?
- Is current policy in alignment with AB48?
- What are regional/State best practices?

**Health concerns related to smoke and pepper spray during COVID-19**

- Enacted when infections were up and there was no vaccine.

## Protecting Free Speech

- History of use
- Allows for safe speech:
  - Intervene at lower levels
  - Mitigates co-opting of crowd by bad actors
  - Gives department ability to target individuals committing crimes and violence
  - Smaller contingent of officers able to protect large crowd

## Is the use of tear gas reasonable?

- Allows a small number of officers to regain control over a much larger violent crowd.
- Minimal force used:
  - Consequences and level of force are much lower than all other options.
  - Effects are temporary.
  - Effects end as soon as no longer exposed.
  - Dissipates quickly.

## Accountability and Oversight

New legal requirement created by AB48 aligns with the department's past use and current policy language. Some of the legal requirements are:

- Requires **de-escalation techniques or alternatives** to force before use.
- Limits use to defend against **threats to life, serious bodily injury**, or to bring objectively dangerous and unlawful situations safely and effectively under control.
- Requires **announcement before use**.
- Requires officers to make objectively reasonable efforts to **identify** persons engaged in **violent** acts and target those individuals.

## Accountability and Oversight (continued)

AB48/Penal Code 13652 requirements (continued):

- **Minimize** the possible incidental **impact** on bystanders, medical personnel, journalist, or other unintended targets.
- Use must be **objectively reasonable and proportional** to the threat (including frequency and intensity of use).
- Specifically **prohibited** in response to verbal threats, noncompliance with law enforcement directives, or curfew violations.
- *Note: AB 48 anticipates certain instances where tear gas may be reasonably used and places that responsibility on the commanding officer of the event.*

## Accountability and Oversight (continued)

- Our current Use of Force (Policy 300) and First Amendment Assembly (Policy 428) policies align with requirements set forth in Penal Code section 13652.
- Oversight is required and provided via Police Equipment and Community Safety Ordinance.
- If tear gas ban was removed state reporting requirements would require the department to publish an after-action report documenting the equipment's use and the reasons for it within 60 days of an incident.

## What is the scope of use in Berkeley?

- To resolve a situation involving an armed barricaded person (SWAT call).
- Respond to a medical or fire emergency, or prevent catastrophic damage to critical infrastructure, where a violent crowd is present.
- To protect officers or community from large-scale violent assaults.
- To disburse a violent crowd through a minimal amount of force.

## Regional/State Best Practices

What are other agencies doing?

- Oakland PD has a policy that aligns with State law
- No other local agencies have bans in place
- All agencies in the state are compelled to abide by the requirements and protections outlined in PC 13652.

## Use of smoke and pepper spray

- Smoke has been used before deploying tear gas. Although not an alternative, it gives the department an option to try before deploying tear gas.
- Smoke is often used in conjunction with tear gas, and acts as a visual deterrent.
- Pepper Spray provides officers with an intermediate force option to use in response to an individual violent act.
  - Allows officers to respond to a specific threat up to 15 feet away.
  - Effects are temporary; there are no injuries once spray wears off.

# Questions?

*The mission of the Berkeley Police Department is to preserve the peace and allow for the peaceful expression of First Amendment Rights. These rights include, but are not limited to, assembling, marching, carrying signs, making speeches, or other lawful activity designed to express or advocate political, religious, or social opinions and beliefs.*
