I'm writing in support of Standard Fare's application for alcohol licensing. I'd really love to walk across my street and have a beer at my favorite local restaurant—a place already known for good food and good people!

Thank you for your time.

Hello!

I wanted to voice my support for the updated beer and wine sales at Standard Fare. I think it'll be such a nice addition to the dining experience as well as helpful for the business.

Thanks,
Taylor

Dear City of Berkeley:

I support Standard Fare's beer and wine license and kindly ask for it to be approved. The owner Kelsie and her team are the epitome of culinary excellence in Berkeley.

Standard Fare is an anchor within Southwest Berkeley and the Berkeley community at large. Standard Fare provides jobs with livable wages, sources their ingredients sustainably, and cooks and bakes some of the best food that can be found in Berkeley.

Berkeley needs more casual evening spots to sip on wine and nosh on bites. It also keeps sales tax revenue in our city.

Anything that Standard Fare does is done with intention and respect, and I am certain the environment in the evening will bring as much positivity as exists during their daytime hours and build even more evening community in Southwest Berkeley.

Warm regards,
Rosie

Hello City of Berkeley,

Please DO Not allow this company to sell alcohol and beer near our children school. It is not good for our children to see people are buying and drinking alcohol near their school. I do not support this petition and it is not a good idea to open alcohol store near the school.

Thank you,

Elmas

I am shocked to let you know that you would like to support alcohol licence near our children school. It is unbelievable. Don't you think alcohol and smoking shops bring all kind of trouble to the neighborhood? I can't tell what people think nowadays. We have to protect our kids from alcohol, drug, and smoking shops. I wonder why would you be posting this and asking petition from the families?

I am asking from parents not to support this request please. How come EB is allowing like this advertisement, I do not get it?

Merci a mile,

Dear City of Berkeley:

I write in support of Standard Fare's application for a beer and wine license. Standard Fare delicious and amazing and we should do whatever we can to help them stay and remain profitable. Standard Fare provides jobs with livable wages, sources their ingredients sustainably, and cooks and bakes some of the best food that can be found in Berkeley. Berkeley needs more casual evening spots to sip on wine and nosh on bites. It also keeps sales tax revenue in our city. It also seems like an appropriate space for this type of activity. I think they will benefit the city in terms of tax revenue because this will help them be successful.

Thanks
Ann

Subject: Support for Standard Fare's wine and beer permit
Date: Thursday, September 7, 2023 11:00:23 AM

WARNING: This is not a City of Berkeley email. Do not click links or attachments unless you trust the sender and know the content is safe.

I am writing in support of Standard Fare's application to serve wine and beer at their restaurant.

We lived at 2732 8th Street, across the street from Standard Fare, when they first opened almost a decade ago. To be honest, we were worried about how the restaurant might change the neighborhood, which at the time had almost no food service. We were very wrong to worry; Kelsie was a committed neighbor and made a huge amount of effort to become a welcoming and warm part of the community. It became the anchor of our area.

Our kids attended and still attend Ecole Bilingue, the French immersion school a block away, and my wife, Gabrielle, taught at the school for many years. Many French families from the school enjoy the pastries from La Noisette around the corner, and frequent Standard Fare as well. Wine is a key part of French food culture, and I have no doubt the school and its group of families would welcome the chance to enjoy wine over lunch at Standard Fare.

Kelsie has our full support and we wish her well with this application. There's no doubt in my mind that she would use this permit to further her goal of creating a community gathering point in a lovely part of Berkeley.

Thank you,
-Marc Hedlund
