Dear Fair Campaign Practices Commission / Open Government Commission and Secretary Harvey:

Thank you for providing me with a courtesy copy of a complaint received by the Berkeley Fair Campaign Practices Commission (FCPC) alleging violations of the Berkeley Reform Act (BERA) by my campaign, Kesarwani for Berkeley City Council 2022, along with the staff report recommending the FCPC dismiss the complaint for failure to state a violation of BERA.

The complainant alleges that the Committee has provided nine duplicate contributions on two different Declarations of Public Funds. As the staff response notes, **the Committee did not receive matching funds for any duplicate entries**. The Committee's treasurer, Jill Martinucci, was advised by the City Clerk Department to resubmit these nine entries because of required corrections. I have pasted below the guidance we received from the City Clerk Department to this effect.

I was honored to participate in Berkeley's Public Campaign Finance Program in 2018 and again in 2022, and I thank the City Clerk Department for their partnership in ensuring that my Committee met their stringent standards for receipt of public campaign funds.

For the reasons stated herein, I request that the FCPC dismiss this complaint.

Sincerely,

Councilmember Rashi Kesarwani

Hi Jill –

We've reviewed all your submissions and are attaching a spreadsheet with required corrections noted (if there's no comment, that means it's been approved). If there are corrections to be made on a Qualified Contribution Receipt, please upload the corrected receipt to NetFile and email it to us as an attachment, as we won't be able to view it in the Public Finance app. For the other requested corrections, please confirm that they've been completed.

Lest us know if you have any questions.

Hi Sam,

Rashi forwarded me the complaint. I was her campaign treasurer.

My recollection is that those nine people were filed twice because the first round they were rejected for public financing because of mistakes or omissions. I made the Clerk's requested changes and then refiled them and were subsequently funded.

Best,

Jill Martinucci

Dear Mr. Harvey and Members of the Berkeley FCPC:

Thank you for bringing this complaint to my attention. I agree with Staff's conclusion that it does not state a claim under BERA, and therefore does not have merit as a matter of law.

As you know, the Berkeley City Clerk's Office is punctilious in examining matching requests submitted by Berkeley candidates who are participating in the Berkeley public campaign financing program. Individual forms are often rejected for failure to meet the Clerk's appropriately exacting standards.

My assistant treasurer and I worked diligently to supply the requisite information, but we made mistakes in some instances which were later corrected. The campaign contributions we received from Berkeley residents far exceeded the limit on matchable donations, and once we found we had reached the limit, we did not submit any additional requests for matching.

Some of the reasons for the discrepancies noted by the complainant in the public financing records include:

- Some of our submittals did not have forms correctly attached the first time, and so they were later resubmitted.
- Some of our submittals had errors on the forms that needed to be corrected, and so they were later resubmitted.
- Some of our contributions were accidentally reassigned to the second batch of submissions.
- Some of our contributions occurred earlier in the year, but contributors did not submit their forms until later in the year, and this may have caused us to select a date range that resulted in overlap with previous submittals.

As shown by the City Clerk's documentation, we submitted more unique matching forms than were required. As mentioned above, we had still more donations with forms that we could have submitted had it been necessary. Finally, I am confident that we did not receive from the City any funds in excess of the public financing limit.

We request that this complaint be dismissed.

Respectfully submitted,

Mark Humbert  
2022 Candidate for Berkeley City Council D8

Office of the City Attorney

**DATE:** April 20, 2023  
**TO:** OPEN GOVERNMENT COMMISSION  
**FROM:** SAMUEL HARVEY, Deputy City Attorney/Commission Secretary  
**SUBJECT:** 2023 Annual Report Under BMC Section 2.06.190.C; including required information for calendar years 2018 through 2022

---

### **Introduction**

The Open Government Ordinance (“OGO”) (Berkeley Municipal Code (“BMC”) Chapter 2.06) requires that the City Manager prepare an annual report to the Open Government Commission that contains at least the following information:

1. The number of Public Records Act requests received by the City;
2. The average length of time taken to respond to those requests;
3. The approximate number of pages produced in response to those requests;
4. The number and resolution of all written complaints received by the City concerning its compliance with the Public Records Act with respect to such requests;
5. The number and resolution of all complaints received by the City concerning its compliance with the Brown Act; and
6. Any other information the City Manager deems appropriate that relates to the City’s compliance with this Ordinance, the Brown Act, the Public Records Act, the Lobbyist Registration Act, or open and effective government in Berkeley.

BMC §2.06.190.C.

The City Attorney’s Office has been designated to oversee fulfillment of the City Manager’s PRA compliance obligations. This report covers the 2018 to 2022 calendar years. Each topic specified in Berkeley Municipal Code section 2.06.190.C is addressed below.

2023 ANNUAL REPORT TO OGC

April 20, 2023

Page 2

**1. The Number of Public Records Act Requests Received by the City; the Average Length of Time Taken to Respond to Public Records Act Requests; and the Approximate Number of Pages Produced in Response to Public Records Act Requests**

Currently, there are over 50 designated staff in 17 departments that use the City's NextRequest online portal system to track and respond to PRA requests. For each request, staff provide all responsive records to the requester, track the date of the initial response and post the results of the request to the NextRequest system. Occasionally, informal requests for information are responded to directly by staff without being logged as PRA requests. The City adopted the NextRequest system in 2020.

Under the PRA, the City must respond to a request within 10 calendar days to notify the requestor whether records will be provided. (Cal. Gov. Code § 7922.535.) The City may assert a 14-day extension for a number of reasons, including where the request seeks a voluminous amount of records, requires inter-agency coordination, seeks records maintained in off-site storage, or requires elaborate information technology work to fulfill. (Id.)

When providing the initial response, City staff must either provide the responsive records, inform the requestor that no responsive records exist, or provide an estimated time for production of the records. The PRA does not provide concrete deadlines for records production, but requires that records be provided "promptly." (Cal. Gov. Code § 7922.530(a).)

The data in this report are generated from automated features within the City's PRA software. For a number of reasons, this software will often over-report the number of missed PRA deadlines.

For example, if a staff member has responded to a request and provided all responsive records but does not close out the request in the program until a later date, the request's closure date will be erroneously reported as late. This could occur where a staff member wishes to leave a request "open" to ensure all records have been provided or otherwise review the City's response to the request.

Additionally, the City will often respond to voluminous requests on a "rolling basis," where staff will provide sets of records as they are able to compile, review and produce them. Oftentimes, staff will manage a rolling production by adjusting the deadlines in the program to reflect the next estimated date of production. Failure by staff to meet a self-imposed estimated date of next production entered into the NextRequest system is not itself a violation of the PRA.

Following adoption of the NextRequest program in mid-2020, staff have identified a notable increase in the reported lateness of PRA responses. Staff estimate that most of this reported increase is due to the above-noted discrepancies between the response

dates as reported by the NextRequest program and the actual timeliness of staff's response. However, the increased sensitivity of the NextRequest program may also be identifying a larger number of actually late responses than the City's old PRA program.

The following is a summary of the City's PRA responses for the years 2018 to 2022:

**a. 2018**

The City received 873 PRA requests from January 1, 2018 to December 31, 2018.

The 873 requests break down by department as follows: City Attorney (33), City Auditor (0), City Clerk (40), City Manager (16), Finance (50), Fire Department (16), Health, Housing & Community Services (6), Human Resources (12), Information Technology (14), Library (0), Parks (9), Planning (83), Police (237), Police Review Commission (0), Public Works (196), Rent Board (61), Multi-Department (100).

Of the 873 requests received, approximately 95.07 percent were responded to within the required 10-day time period (or, with a 14-day extension, 24-day time period). forty-three (43) requests, or 4.93% were responded to outside the required time frame. Attached to this report as **Attachment A** is a list of the responses along with data regarding response times.

The City received \$16,663.80 in reimbursement during this period, primarily from charges of \$0.10 per page. Approximately 67,318 pages of documents were produced in paper and electronic form. The City does not receive reimbursement for the many responsive documents provided in electronic format, as well as documents made available for in-person review for which copies were not requested. It also does not include the instances wherein the requester did not follow up to obtain the previously requested documents. The total number of reported staff hours spent on responding to PRA requests was 424.5, not including the time of City Attorney's Office staff who are responsible for coordinating and responding to all multi-departmental PRA requests as well as requests to the City Council, City Manager, and City Attorney.

**b. 2019**

The City received 944 PRA requests from January 1, 2019 to December 31, 2019.

The 944 requests break down by department as follows: City Attorney (15), City Auditor (3), City Clerk (20), City Manager (23), Finance (37), Fire Department (74), Health, Housing & Community Services (8), Human Resources (13), Information Technology (16), Library (1), Parks (12), Planning (86), Police (238), Police Review Commission (2), Public Works (208), Rent Board (45), Multi-Department (143).

The City does not receive reimbursement for the many responsive documents provided in electronic format, as well as documents made available for review for which copies were not requested. It also does not include the instances wherein the requester did not follow up to obtain the previously requested documents. The total number of reported staff hours spent on responding to PRA requests was 358.5, not including the time of City Attorney's Office staff who are responsible for coordinating and responding to all multi-departmental PRA requests as well as requests to the City Council, City Manager, and City Attorney.

**c. 2020**

Eighty-six (86) requests, or 11.29% were reported as responded to outside the required time frame. Attached to this report as **Attachment A** is a list of responses along with data regarding response times.

During the COVID-19 pandemic the City switched to an all-electronic document production process and no longer printed responsive records in paper.

**d. 2021**

The City received 1,025 PRA requests from January 1, 2021 to December 31, 2021.

The 1,025 requests break down by department as follows: City Attorney (59), City Auditor (1), City Clerk (27), City Council (13), City Manager (54), Mayor's Office (2) Finance (41), Fire Department (186), Health, Housing & Community Services (43), Human Resources (14), Information Technology (19), Library (5), Parks (12), Planning (243), Police (173), Police Review Commission/Police Accountability Board (4), Public Works (44), Rent Board (26), Multi-Department (211).

Attached to this report as **Attachment A** is a list of the responses along with date regarding response times.

During COVID the City switched to an all-electronic document production process and no longer printed responsive records in paper.

**2. The Number and Resolution of all Written Complaints Received by the City Concerning its Compliance with the Public Records Act, the Brown Act, and the Open Government Ordinance**

Pursuant to Section 2.06.190 of the Open Government Ordinance ("OGO"), the Commission hears complaints concerning alleged non-compliance with the OGO, the Brown Act, the Public Records Act, and the Lobbyist Registration Act. The Commission is charged with (1) considering ways to informally resolve those complaints and make recommendations to the Council regarding such complaints, (2) seeking advice from the City Attorney concerning those complaints; and (3) advising the City Council of its opinion, conclusion or recommendation as to any complaint.

**a. 2018**

The Commission received the following complaint in 2018:

*1. Complaint of Stephanie Allan alleging violations of the Brown Act and the OGO by the Planning Commission.*

This complaint alleged that a member of the Planning Commission provided a memo to the Planning Commission at a public meeting which had not been previously provided in the public packet and that the Planning Commission relied on this memo in its discussion and action. Staff investigated and determined that the commissioner's actions complied with the Brown Act and that no violation had occurred. The OGC accepted staff's recommendation but requested that the OGC Chair present recommendations at a future meeting on possible changes to City processes to provide more transparency around late submissions by commissioners.

**b. 2019**

The Commission did not receive any of the above enumerated complaints in 2019.

**c. 2020**

The Commission received the following complaint in 2020:

*1. Complaint of Martin and Olga Schwartz alleging violations of the OGO relating to Zoning Adjustments Board proceedings.*

The complaint alleged a number of "procedural violations and/or unfair practices" during Zoning Adjustments Board ("ZAB") proceedings, including omission from the ZAB packet and supplemental materials of correspondence submitted to the ZAB by members of the public, failure by the ZAB to include in the Notice of Decision ("NOD") items previously approved by the ZAB, and exclusion from the NOD of items agreed upon by the applicant, developer and neighbors of the Project. The complaint also requested that "potential conflicts of interest" be reviewed but did not identify any specific alleged conflicts of interest.

Staff reviewed the complaint and underlying facts and recommended that the OGC take no further action on the Complaint based upon a finding that the Complaint did not allege actions that constitute a violation of a provision of law over which the OGC has jurisdiction. The OGC directed staff to confer with the ZAB secretary about potential changes to public posting practices to ensure greater transparency.

**d. 2021**

The Commission received the following complaint in 2021:

*1. Brown Act and OGO complaint of Shirley Dean related to City Council land use items*

The complaint alleged that a number of Council actions related to zoning items violated the OGO and the Brown Act. The Complaint did not identify specific provisions of either statute which it alleged had been violated.

The Complaint stated that revisions to a zoning item were made “at the very beginning” of the Land Use Committee’s March 1, 2021 meeting, depriving the public of an opportunity to respond. The Complaint stated that when an item is carried over from one meeting to the next, the public needs greater advance notice of changes or additions to the item. The Complaint stated that if significant revisions are made to an item during a meeting, action should be deferred until a future meeting to give the public more time to respond. The Complaint also asserted that a one-minute time limit on public comment is insufficient.

The Complaint further stated that unregistered lobbyists may have played a role in drafting one or more Council items. The Complaint did not provide any specific facts alleging that one or more individuals had failed to register as City lobbyists.

The Complaint also asserted that a five-member majority of the Council had “been involved in the behind closed-door discussion of the process and substance of implementing the Council’s goal to end single family zoning.” The complaint focused on an alleged “serial meeting” created by multiple councilmembers’ participation in authoring and sponsoring two separate agenda items, both of which focused on City zoning and land use policy.

Staff determined that the complaint did not state a violation of the Open Government Ordinance or Brown Act. The OGC adopted staff’s recommendation and adopted a motion to give future consideration to the concerns raised by the complaint, including a possible recommendation to Council to review the one-minute public comment rule and practices regarding ceding time during public comment.

#### **e. 2022**

The Commission received the following complaint in 2022:

- 1. Complaint of Kelly Hammargren regarding posting of minutes by City commissions and use of Live Transcription in teleconferenced public meetings*

The complaint asserted that City commissions were not complying with the City policy requiring meeting minutes to be posted online within 14 days of the meeting. The complaint also requested that Live Transcription technology be used and required for all City meetings to improve accessibility.

2023 ANNUAL REPORT TO OGC

April 20, 2023

Page 8

Staff recommended that, while neither topic in the complaint constituted a violation of the OGO, the Brown Act, the Public Records Act, or the Lobbyist Registration Act, the topics fall under the Commission's authority to "advise the City Council as to any other action or policy that it deems advisable to enhance open and effective government in Berkeley." (BMC § 2.06.190.A.2.)

The Commission subsequently adopted proposed changes to the Commissioners Handbook and Council procedures regarding use of Live Transcription. The Commission also sent correspondence to the City Manager regarding commission meeting minutes posting practices.

### Key Assumptions

#### Requests Overdue

For requests that were closed prior to October 28, 2018 requests are counted as overdue only if they were overdue at the time the request was closed.

### **Late Responses**

A late response indicates that there were no documents released; no message or invoice sent to the requester; or that the request remained open past its due date.

### **Response and Fulfillment Speed**

Response time is tracked using the first external message sent through the NextRequest portal. This metric assumes that the message sent includes either a "request for clarification" or a time estimate.

Fulfillment time is calculated based on the time from when the request was created to the first date the request was closed (if there are multiple closed dates, only the first one is used).

Median days to close and average days to close are calculated based on the number of requests that have a closed date within the reporting period.

### **Staff Time**

Staff time only accounts for time logged in NextRequest. This metric assumes that staff members regularly log all staff time in the portal and that the hourly rates are accurate and up-to-date.

### **Staff Cost**

Staff cost only accounts for costs logged in NextRequest. This metric assumes that staff members regularly log costs in the portal.

### **Message Templates Report**

The message templates report tracks message template usage from February 25, 2018 onwards.

## Key Assumptions

### **Requests Overdue**

For requests that were closed prior to October 28, 2018 requests are counted as overdue only if they were overdue at the time the request was closed.

### **Late Responses**

A late response indicates that there were no documents released; no message or invoice sent to the requester; or that the request remained open past its due date.

### **Response and Fulfillment Speed**

Response time is tracked using the first external message sent through the NextRequest portal. This metric assumes that the message sent includes either a "request for clarification" or a time estimate.

Fulfillment time is calculated based on the time from when the request was created to the first date the request was closed (if there are multiple closed dates, only the first one is used).

Median days to close and average days to close are calculated based on the number of requests that have a closed date within the reporting period.

### **Staff Time**

Staff time only accounts for time logged in NextRequest. This metric assumes that staff members regularly log all staff time in the portal and that the hourly rates are accurate and up-to-date.

### **Staff Cost**

Staff cost only accounts for costs logged in NextRequest. This metric assumes that staff members regularly log costs in the portal.

# SUPPLEMENTAL AGENDA MATERIAL for Supplemental Packet 1

**Meeting Date:** February 28, 2022

**Item Number:** 19

**Item Description:** Reforms to Public Comment Procedures at meetings of the Berkeley City Council

**Submitted by:** Councilmember Robinson (Author), Councilmember Susan Wengraf (Co-sponsor)

**RECOMMENDATION:**

Adopt a Resolution revising the City Council Rules of Procedure and Order: Section IV. Conduct of the Meeting and Appendix C Temporary Rules for The Conduct of City Council Meetings Through Video Conference During The Covid-19 Emergency to:

1. Consolidate ~~non-agenda public comment, public comment on the Consent Calendar, and public comment on Action Items, excluding public hearings, appeals, and/or other quasi-judicial matters,~~ into a single public comment period ~~toward at~~ the start of the ~~Council meeting Action Calendar, (consistent with the Berkeley Unified School District's public comment procedure),~~ and continue to provide for additional time for public comment at the end of meetings ~~and separate public comment periods toward the beginning of the Council meeting for the Consent Calendar and information items, and for non-agenda matters.;~~
2. ~~Adopt reasonable limits on the overall number of public speakers (consistent with rulings from the Second District Court of Appeal) with a mechanism for the City Council to extend public comment; and~~
- 3-2.          Rescind Resolution No. 70,091– N.S

Internal

Formatted: Centered

**Rationale for Recommendation**

Public comment plays a critical role in the policy-making process. However, the current system for scheduling public comment leaves significant room for improvement. Residents should be able to opine and advocate to the City Council without having to wait for many hours before the item is taken up, and ~~even~~ sometimes learning that the item will not be heard at all. In order to improve the predictability of the flow of Council meetings, members of the public should have some certainty that they will have the opportunity to advocate to their elected representatives at a reasonable hour in the evening. That can be achieved by holding public comment on Action Calendar items at a single time, immediately after the adoption of the Consent Calendar.

~~The original~~ Former Councilmember Droste’s version of this item sought to consolidate all public comment into a single comment period, as well as creating protocols for council to limit the total number of speakers. ~~This supplemental item does not recommend those proposals.~~ This supplemental does not seek to limit the ability, in any way, of the public to give public comment.

The purpose of this supplemental item is to create ~~a better~~ a more equitable system for public comment, one where residents can show up to a council meeting and reasonably expect that they will be able to address the council by 9 PM. Those who wish to continue to listen to the council’s business until the council adjourns are welcome and encouraged to do so.

Additionally, by taking public comment on action items at the start of the Action Calendar, the presiding officer may ~~be better equipped to~~ identify ~~which~~ items the council will have time to address during a given meeting. This has benefits for the public, as well as for city staff, who have at times been in the position of being on hand all evening to present on an item that is not ultimately heard.

By scheduling comments on action calendar items at the start of the Action Calendar, we can prioritize the perspectives of the public and respect both staff’s and the public’s time.

Formatted: Font: Not Bold

**Current Situation and Its Effects**

City Council has occasionally tried to rebalance the City’s approach to public comment at Council meetings to create a more welcoming atmosphere, conduct the people’s business efficiently, and ensure elected officials have time to give items due consideration. Unfortunately, members of the public, applicants/appellants, and staff frequently have to wait for hours before an item is heard or unexpectedly moved to another meeting. ~~This is due to the way public comment was established prior to the tenure of any of the current Councilmembers or the Mayor.~~ This prevents many ordinary people, particularly those who have small children or work long hours, from having a reasonable opportunity to provide public comment and hear the Council deliberate. ~~It also deprives the Council of the time needed for adequate consideration of items, especially major policy efforts, and frequently pushes important items to future meetings.~~

**Background and Rationale**

Pursuant to the Brown Act, Section 54954.3, members of the public shall be afforded the opportunity to speak on any agenda item of a substantive nature providing they are first recognized by the presiding officer. City Council greatly values input and comment from a broad cross-section of the public on legislative matters. The City of Berkeley and Councilmembers appreciate and admire the dedication of the many ~~mainstays who voice their~~ opinions at public comment. Nevertheless, other community members often feel overwhelmed and intimidated by the prospect of enduring hours-long City Council meetings, not just to provide public comment but to even hear the Council’s discussions. Having to wait through ~~hours of~~

Internal

Formatted: Font: 8.5 pt, Font color: Blue

Formatted: Centered

~~public comment hours of discussion on many different action items (much of which is often duplicative) before one gets to participate at an unspecified, unpredictable time and/or hear the position of one's elected representatives is neither fair, equitable, nor good for democracy. Especially for those with young children or who work in the evenings, the unpredictable and onerous way that Action Calendar public comment currently operates is inequitable and prevents valuable community members from participating in the public process.~~

Public comment and Council procedures have undergone iterations before. Most recently, Mayor Arreguin offered an amendment to require three councilmembers to agree to pull an item from the Consent Calendar to the Action Calendar, instead of one councilmember or four public speakers. This change dramatically helped meetings run smoother and ensured that uncontroversial and broad-consensus ~~consent calendar~~ items were not subject to attempts at obstructionism or unduly long debates which extended meeting times.

Even with that positive change, the current approach to public comment ironically does not likely widen opportunities for civic engagement; but instead serves to preclude a more representative sample of participants—as political scientists from Boston University have [found](#). Currently, many residents must wait for extended periods of time in order to provide public comment on specific ~~legislation action items on Action~~, since no specific times are ~~available for when a piece of legislation will be heard assigned~~. This means that people who may care deeply about a particular issue are discouraged from participating in favor or those who have a general interest in speaking and the time to sit through the entirety of a meeting. Although their commitment and interest are commendable, such individuals are not necessarily representative of the broader public.

[The Brown Act](#) actually provides leeway for the City to consider other approaches to public comment. Under the Brown Act, the City must allow the public to comment on any agenda item; and there are certain items that require ensuring public comment from all interested parties (e.g., quasi-judicial proceedings and public hearings where due process demands allowing comment from all participants). But for most items, the Brown Act permits agencies to ~~limit the amount of time for public comment on any given item, provided that such limits are content-neutral~~ consolidate public comment. While this could entail moving all public comment into a single comment period, this ~~supplemental~~ item merely combines public comment on Action Calendar items—excluding public hearings, appeals, and/or other quasi-judicial matters—into one comment period at the beginning of the Action Calendar.

~~The current approach to public comment on the Action Calendar is inequitable and discourages participation from many community members. Consolidating Action Calendar public comment into one comment period would make the time that public comment occurs on action items far more predictable and boost the ability of community members to participate in public comment. Especially for working families and those with evening obligations, waiting potentially five hours to speak on an action item that will be taken up at an unspecified time—or may be continued to another meeting instead—is not feasible. While the time the Action Calendar is taken up would remain unspecified, the window in which it is likely to be would be far narrower and earlier in the meeting than the window during which individual items may currently be discussed or removed from the agenda. For example, for most Council items, the City Council would be permitted under the Brown Act to impose a 10-minute limit on public comment, comprising ten speakers with one minute each, with the speakers determined on a lottery or first come, first served basis. Alternatively, the City Council could also adopt a content-neutral limitation on the number of~~

Internal

Formatted: Font: 8.5 pt, Font color: Blue

Formatted: Centered

~~speakers for a general public comment period at the start of each meeting which covers all agenda and non-agenda comments—as proposed in this item.~~

~~In its decision in the 2018 Ribakoff v. City of Long Beach, et al. decision, the Second District Court of Appeal ruled in part:~~

~~*“On the other hand, having no limit on either the length of any particular presentation by a member of the public or on the number of public speakers (or on the total time for public comment) has the potential for endless discussion—given the potential that there will be a far greater number of members of the public who may wish to speak to an issue than there are staff and guests who make presentations concerning it. The number of staff and invited guests speaking on a topic will clearly be limited; the potential for public speakers is potentially extensive and needs some reasonable limitation.*”~~

Formatted: Indent: Left: 0"

~~*We do not suggest that members of the public may not have expertise, or that their presentations would be of lesser value than those of the invited, expert staff and guest speakers, only that their number must be considered in weighing the time allotted to public participation. Indeed, this concern was a factor in shaping the text of Government Code section 54954.3 as it moved through the Legislature with amendments to the Brown Act adopted in 1986. On the one hand, the Legislature declared the importance of open governance and the public’s right to participate. On the other, it validated enactment of limits on public speakers so that the business of government could function. (Gov. Code, § 54954.3.)<sup>23</sup>[emphasis added].”*~~

Formatted: Indent: Left: 0"

~~Members of the public would still have ample additional means of addressing their concerns to councilmembers, including in-person meetings and office hours, written correspondence, emails, telephone calls, and social media/online platforms. Although it is beyond the scope of this item, the City may also wish to explore expanding and enhancing Berkeley Considers to provide a new platform for community members to provide comments on upcoming Council items. Berkeley could potentially pioneer having a “one-stop-shop” for members of the public to provide feedback on upcoming Council items and have that feedback delivered to Council in a formalized and easily visualized format.~~

**Best Practices**

**Berkeley Unified School District**

The Berkeley Unified School District has adopted [a practice](#) that is likely more conducive to allowing a broader participation of residents in the civic process. There are two opportunities for public comment, one at the beginning and one at the end of the meeting. By allowing public comment at the beginning of the meeting, individuals do not have to wait for hours for an item with an unknown start time. And In other cities, the presiding officer can limit individual presentations, the amount of time allotted for public input, and/or limit the number of speakers with similar positions.

This ~~item supplemental~~ item simply proposes to combine public comment on the Action Calendar into one comment period, leaving public comment on the Consent Calendar and other items unchanged. This would significantly increase the predictability of when public comment on many important action items will occur while still providing a separate opportunity to comment on other items. ~~proposes to use the approach used by BUSD.~~

**Fiscal Impacts**

Internal

Formatted: Font: 8.5 pt, Font color: Blue  
Formatted: Centered

De minimis costs for staff to revise local and public-facing digital copies of the City Council's Rules of Procedure and time and materials costs for any printing of physical copies.

Long-term fiscal impacts are speculative, but reduced Council and staff time for the receipt and management of in-person and virtual public comment have a strong potential to reduce City costs. The cost reductions would be highly variable depending on the number and nature of staff present at any given City Council meeting.

**Alternative Actions Considered**

Alternative Actions include but are not limited to:

- Leaving existing public comment policies and procedures unchanged.
- Adopting a limit on the number of combined public speakers, or on the number of public speakers for each item.
- Combining all public comment into a single public comment period toward the beginning of each meeting.

These options were rejected in favor of ~~the more "tried and true" approach currently used by the Berkeley Unified School District, as well as other jurisdictions and agencies across California.~~ an approach that solves the most fundamental issue with public comment procedure—the unpredictability of when individual action items will be taken up—while maximizing public participation by leaving other public comment periods unchanged.

**IV. CONDUCT OF MEETING**

**A. Comments from the Public**

Public comment will be taken in the following order:

- Public comment on the Consent and Information Calendars.
- Public comment on the Action Calendar.
- Public comment on ~~action items, any appeals, and/or~~ public hearings, ~~and/or other quasi-judicial matters requiring extended public comment for due process purposes~~, as they are taken up under procedures set forth in the sections governing each below.
- Public comment on non-agenda items from any speakers who did not speak during the first round of non-agenda public comment at the beginning of the meeting.

Speakers are permitted to yield their time to one other speaker, however no one speaker shall have more than four minutes. A speaker wishing to yield their time shall identify themselves, shall be recognized by the chair, and announce publicly their intention to yield their time. Disabled persons shall have priority seating in the front row of the public seating area.

A member of the public may only speak once during any single at public comment period on any single item, unless called upon by the Mayor or a Councilmember to answer a specific inquiry, or unless the individual is speaking with respect to a public hearing, a quasi-judicial matter, and/or any other item requiring unrestricted public comment as a matter of due process.

~~Prior to the general public comment period, the Presiding Officer shall announce any planned changes to the order of the agenda, including any items which are being moved to the Consent Calendar and/or any items that are being removed from the agenda at the prerogative of the Presiding Officer and/or the item's sponsor(s).~~

The Presiding Officer will request that persons wishing to speak, line up at the podium, raise their hands on Zoom, or otherwise indicate their intent to speak in order to be recognized and to determine the number of persons interested in speaking at that time.

If ten or fewer persons are interested in speaking virtually or in person, each speaker may speak for two minutes at the discretion of the Presiding Officer. If there are more than ten persons interested in speaking, the Presiding Officer shall limit the public comment for all speakers to one minute per speaker. Speakers are permitted to yield their time to one another, however no one speaker shall have more than four minutes.

~~A maximum of 50 individuals shall be permitted to speak or yield time during the general public comment period. This maximum shall apply whether speakers are virtual, in person, or a combination of the two. In the event that more than 50 individuals wish to speak at a fully virtual or fully in person Council meeting, speaking opportunities shall be given on a "first come, first served" basis.~~

~~In the event that more than 50 individuals wish to speak at a "hybrid" Council meeting (with both a virtual and in-person component), 25 in-person speakers shall be allowed to speak first, followed by 25 virtual speakers. For both the virtual and in-person queues, speakers shall be recognized in the order they lined up or provided virtual notification of their intent to speak. If the queue for either type of speaker is exhausted while speakers of the other type remain, the remaining individuals in either queue will be allowed to speak, up to the overall 50-speaker maximum.~~

~~The maximum number of speakers/yielders may be increased up to 100 total individuals by a two-thirds (2/3) vote of the City Council. Increases above 100 total individuals speaking or yielding shall require a unanimous vote of the City Council. In no case shall these limits be applied to items which require unconstrained public comment to ensure due process.~~

These procedures/limits also apply to public hearings except for those which would be precluded by the types of due process public hearings specifically provided for in Section 2, below.

**1. Public Comment on Consent Calendar and Information Items.**

~~As described above, public comment on the "Consent Calendar" will be taken as part of the general public comment period at the start of the Council meeting following Ceremonial Matters and any comments from the City Manager.~~

~~Prior to this initial general public comment period,~~ the Council will first determine whether to move items on the agenda for "Action" or "Information" to the "Consent Calendar," and/or move "Consent Calendar" items to "Action." Items that remain on the "Consent Calendar" are voted on in one motion as a group. "Information" items are not discussed or acted upon at the Council meeting unless they are moved to "Action" or "Consent."

Formatted: Not Strikethrough

The Council will then take public comment on any items that are either on the amended Consent Calendar or the Information Calendar. A speaker may only speak once during the period for public comment on Consent Calendar and Information items. ~~Following the initial period of general public comment, the three or more members of City Council may still move items from the "Consent Calendar" to "Action," but~~ no additional items can be moved onto the Consent Calendar once public comment has commenced.

After the initial ten minutes of public comment on non-agenda items, public comment on consent and information items, and adoption of the Consent Calendar, the public may comment on each remaining item listed on the agenda for action ~~as the item is taken up in a~~ single public comment period at the beginning of the Action Calendar.

**32. Appeals Appearing on Action Calendar.**

Formatted: Not Strikethrough

With the exception of appeals from decisions of the Zoning Adjustments Board and Landmarks Preservation Commission, appeals from decisions of City commissions appear on the "Action" section of the Council Agenda. Council determines whether to affirm the action of the commission, set a public hearing, or remand the matter to the commission. Appeals of proposed special assessment liens shall also appear on the "Action" section of the Council Agenda. Appeals from decisions of the Zoning Adjustments Board and Landmarks Preservation Commission are automatically set for public hearing and appear on the "Public Hearings" section of the Council Agenda. The procedures for public comment on appeals from these two bodies and attendant public hearings shall be the same as described below for all other commission appeals.

Time shall be provided for public comment for persons representing both sides of the action/appeal and each side will be allocated seven minutes to present their comments on the appeal. Where the appellant is not the applicant, the appellants of a single appeal collectively shall have seven minutes to comment and the applicant shall have seven minutes to comment. If there are multiple appeals filed, each appellant or group of appellants shall have seven minutes to comment. Where the appellant is the applicant, the applicant/appellant shall have seven minutes to comment and the persons supporting the action of the board or commission on appeal shall have seven minutes to comment. In the case of an appeal of a proposed special assessment lien, the appellant shall have seven minutes to comment.

After the conclusion of the seven-minute comment periods, members of the public may comment on the appeal. Comments from members of the public regarding appeals shall be limited to one minute per speaker. Any person that addressed the Council during one of the seven-minute periods may not speak again during the public comment period on the appeal. Speakers may yield their time to one other speaker, however, no speaker shall have more than two minutes. Each side shall be informed of this public comment procedure at the time the Clerk notifies the parties of the date the appeal will appear on the Council agenda.

**43. Public Comment on Non-Agenda Matters.**

Immediately following Ceremonial Matters and the City Manager Comments and prior to the Consent Calendar, persons will be selected by lottery to address matters not on the Council agenda. If five or fewer persons submit speaker cards for the lottery, each person selected will be allotted two minutes each. If more than five persons submit speaker cards for the lottery, up to ten persons will be selected to address matters not on the Council agenda and each person selected will be allotted one minute each. Council on matters not on the Council agenda during the initial ten-minute period for such comment, must submit a speaker card to the City Clerk in person at the meeting location and prior to commencement of that meeting.

~~Individuals wishing to address the Council about non-agenda matters may do so during the initial period of general public comment, and will count toward the overall limit on the number of individuals making public comment.~~

The remainder of the speakers wishing to address the Council on non-agenda items will be heard at the end of the agenda. Speaker cards are not required for this second round of public comment on non-agenda matters.

Persons submitting speaker cards are not required to list their actual name, however they must list some identifying information or alternate name in order to be called to speak. For the second round of public comment on non-agenda matters, the Presiding Officer retains the authority to limit the number of speakers by subject. The Presiding Officer will generally request that persons wishing to speak, line up at the podium, raise their hand on zoom, or otherwise ~~to~~ be recognized to determine the number of persons interested in speaking at that time. Each speaker will be entitled to speak for two minutes each unless the Presiding Officer determines that one-minute is appropriate given the number of speakers.

**SUPPLEMENTAL  
AGENDA MATERIAL**  
for Supplemental Packet 2

**Meeting Date:** March 14, 2023

**Item Number:** 20

**Item Description:** Reforms to Public Comment Procedures at meetings of the Berkeley City Council

**Submitted by:** Councilmember Rigel Robinson (Author), Councilmember Susan Wengraf (Co-Sponsor)

This supplemental item serves two purposes. First, it simplifies language and formatting. Second, it adds a proposal that builds on feedback received from members of the public to schedule public comments on Action Items in separate, consecutive comment periods at the start of the Action Calendar. The proposal initially submitted by Councilmembers Robinson & Wengraf is included as Option 1. The proposal for scheduling separate, consecutive Action Item comments at the beginning of the Action Calendar is included as Option 2.

Option 1 consolidates public comment on action items, except for public hearings, into a single public comment period at the beginning of the Action Calendar. Option 2 similarly creates a new Action Calendar Public Comment period at the start of the action calendar, but with separate, consecutive opportunities for comment on each Action Item. Public comment periods would occur one after the other, at the beginning of the Action Calendar. In other words, each item would still have its own comment period, and members of the public would be able to comment on multiple items, but each public comment period on Action Items would occur one after the other at a more predictable time at the beginning of the Action Calendar.

Both proposals seek to make public comment more democratic and equitable by allowing members of the public to give public comment at a more predictable, and earlier, time. This would make it easier for working people, parents, students, and other Berkeley citizens to participate in Berkeley's democratic process and make their voices heard.

There are two resolutions included in this item. The first implements the "Option 1" edits in Exhibit A, and the second implements the "Option 2" edits in Exhibit B. It is only necessary for Council to approve one version and, thus, only one resolution.

Dear Honorable Mayor, Vice Mayor, and Members of the Berkeley City Council,

On behalf of the Cal Berkeley Democrats, Telegraph for People, and the ASUC External Affairs Vice President Bailey Henderson, **we would like to express our ambivalence towards Item 19's Supplemental and offer a substantial amendment.** As student organizers, we repeatedly experience the inequitable, inaccessible, and sheerly undemocratic public comment participation procedure at Berkeley City Council meetings, and find it increasingly difficult to engage the student population in local affairs. The city's current process for citizen participation prioritizes Berkeley's older, wealthier, white residents over the majority—and we staunchly believe it needs to change.

Item 19 fundamentally fails to address these substantial issues, and imposes subjective limitations on public participation to hinder civic engagement altogether. We urge Council to reject this item.

Furthermore, while we appreciate the Supplemental Item's intent in forming public comment procedures to be more predictable and accessible, we still believe that certain provisions curb consideration of public input in City Council meetings. Given the consolidation of all agenda items' public comment period, it is reasonable to assume that commenters will solely receive 1 minute to speak per meeting, *for all agenda items*. This would hinder commenters from expressing their concerns on multiple agenda items and decrease total time allotted to speak, which we staunchly object to.

Therefore, while we support moving the public comment period to the beginning of the meeting for predictability and equity, we strongly oppose the consolidation of public comment *with a single public comment period* for most Action items. We respectfully offer and strongly encourage adopting an amendment to the Supplemental with the following changes:

**Shift public comment on Action Items, excluding public hearings, appeals and/or other quasi-judicial matters, into separate and consecutive public comment periods at the start of the Action Calendar.** This would improve predictability and encourage accessibility in city meetings while maintaining the city's opportunities to address all agenda items.

We unfortunately stand in opposition to Item 19 and its Supplemental unless it is amended to address our major concerns. **We urge the council to take our input**, as largely underrepresented constituents, into consideration and adoption. **If done, we stand in support with the Supplemental and ask the council to pass it.**

We acknowledge that there are disadvantages, such as councilmember engagement, to moving the public comment period at all. However, we believe that a predictable and accessible comment period would be constructive and beneficial. We also encourage the Council to reach out to students for our input on improving local civic participation in the future. Ultimately, we, as youth and engaged students, seek to have faith in our democratic institutions, and hope that our governments will champion universalizing civic engagement.

Sincerely,  
Cal Berkeley Democrats  
Telegraph for People
